

The X rod's all-new fast action taper built with our KonneticHD Technology delivers greater blank recovery and a crisper tip stop - creating tighter, more efficient loops throughout all ranges of casting styles. This taper allows you to dig deeper into the rod and access the lower sections, shifting power closer to the angler. Decreased lateral and medial movement and vibrations in the blank result in a more accurate and efficient presentation, resulting in a performance driven, forgiving fast action blank - refining the synergy between angler, rod, line, and fly.

| MODEL | LENGTH | LINE | BUTT SIZE | TIP SIZE | WEIGHT (OZ) |

Gloss Dark Spruce Finish

Featuring KonneticHD technology and a new fast action, the **TROUTSPEYHD** series of rods bring ease to lightweight Spey techniques. Five rods from 10'3" to 11'3" excel with a variety of Spey lines that are currently offered in 175-350gr sizes. The **TROUT SPEY HD** rods are primarily designed for Spey casting as opposed to Switch rod style. **Conifer Finish**

Heavy fishing pressure pushes trout out of their soft glides into faster, choppy runs protected by rocks and structure. Europeans developed a style of direct line nymphing using multiple, weighted flies fished under tension on light tippets to systematically dissect these micro-environments, catching fish when no other method could. The **ESN** Series with Konnetic technology makes for an extremely light blank, ideal for the repetitive casts this precision method requires. **Gloss Black Finish**

| MODEL | LENGTH | LINE | BUTT SIZE | TIP SIZE | WEIGHT (OZ) | PRICE |

| ESN 4100-4 | 10' 0" | 4 | 0.385 | 3.5 | 1.84 | \$660.00 |

The most demanding conditions require a different kind of tool. Strong head wind? Fish at distance? Bulky rigs? Heavy sink-tips? The **IGNITER** is tuned to handle the most technical of conditions. Not a rod for the everyday angler the **IGNITER** is equipped with a high line-speed taper to carry large amounts of line at distance with wind-cutting performance. Perfect for streamerfishing with heavy sink-tips or covering big water when conditions turn south. If you bring the will the **IGNITER** will supply the way. **Chipotle Finish**

With a delicate touch and medium action, the **TROUT LL** family has been designed with the trout angler and dry flies in mind. Through blank taper optimization and specialized length offerings, the **TROUT LL** is perfected for wade fishing, closer casts, small flies, and light tippets. A relatively supple tip maximizes light tippet protection and gives way to a smooth easy-loading mid-section that increases feel and feedback throughout the casting stroke. **Mahogany Finish**

| MODEL | LENGTH | LINE | BUTT | TIP | WT OZ |

In the world of saltwater fishing there is a lot of water out there and with that, a lot of fish species. From calm flats to open seas, the opportunities range dramatically. To put your best foot forward in high stakes fishing, you need a tool built for the exacting conditions of every unique fishery. The **SALT HD** lineup of rods are constructed differently - each with purpose. The fast-moving inhabitants of the salt require anglers to make quick shots and even quicker second shots. With the introduction of Konnetic HD Technology, the **SALT HD** puts situational tools in hand to increase your odds of success. Allowing you to reach further, quicker, more delicately, and providing you with the power to make your angling dreams, lasting memories. **Squid Ink Finish**

| MODEL | LENGTH | LINE | BUTT | TIP | WEIGHT (OZ) | PRICE |
|----------------|--------|------|-------|-----|----------------|----------|
| 690-4 SALT HD | 9' 0" | 6 | 0.348 | 4.5 | 1.75 | \$660.00 |

| 1386-4 SALT HD | 8' 6" | 13 | 0.505 | 6.0 | 3.75 | \$660.00 |
| 1686-4 SALT HD | 8' 6" | 16 | 0.545 | 6.0 | 3.95 | \$660.00 |

Saltwater angling is more often a game of quick shots than long casts. Dropping a fly in front of a cruising tarpon 20ft off the bow can be the difference between success and failure during a day on the flats. In fact, most saltwater fisheries put a premium on getting the fly to the target quickly. Redfish meandering about Louisiana marshes, bonefish cruising marl-covered flats, and stripers slashing at bait all require a quick cast into "the zone" for high odds at a hookup. The quicker you can lay the fly down, the better the results. Sage's new **MAVERICK** has been designed to maximize these quick-shot opportunities with a powerful tip section that drives the casting load down to more robust lower sections, making it easier to fire these quick efficient casts and helping the angler make the most of their finite opportunities. **Pacific Blue Finish**

| MODEL | LENGTH | LINE | BUTT | TIP | WTOZ |
|-----------------|--------|------|-------|------|---------|
| MAVERICK 690-4 | 9' 0" | 6 | 0.350 | 4.00 | 1 13/16 |

All Models \$430.00

Big fish, big fly. While not always the case, this rule does ring true for many warmwater and saltwater fisheries with anglers casting larger flies than ever before. With a powerful but comfortable casting action, the new **PAYLOAD** series of rods are designed to help anglers cast those heavy lines and big flies more effectively. **Tannin Finish**

| MODEL | LENGTH | LINE | BUTT | TIP | WTOZ |
