20" CUSTOM REAMERS

HAND CORK REAMER – RMH-SIZE

**POWER CORK REAMER – RMP-SIZE
(small, medium, large & extra large)**

Hand = \$30.00 ea, Power = \$45.00 ea

Start applying finish bubble-free, and get professional results.

- No Bubbles - Mixes wrap finish in 3 to 5 minutes.
- 18 RPM
- Integrated On/Off switch on 6' cord.

Mixer \$74.25 each

Mix Cup \$21.25 / 125 pcs

Mixer-Rod \$7.75 each

**Model #
GS-5**

Glue Stick

Offers a strong bond with a higher melting point.

\$75.75 EACH

Slip Clutch (SLCL-1)

This slip clutch can be attached to any finishing motor with a 1/4" shaft and enables you to stop the rod without stopping the motor during polymer application. This is essential for rod inspection and important touch ups with high speed motors of 60 to 200 rpm. It also makes coating guides with under-wraps a snap.

Reamer Abrasive (RA-25)

This industrial abrasive is a 36 grit aluminum oxide on a heavy resin bonded cloth which is perfect for gluing to rod blanks to make extremely durable power reamers or hand reamers. 25 foot roll.

\$36.00 EACH

This kit includes all the tools required for general rod building and creative feather inlays. The kit includes 1 each of: fine-point awl, fine-point forceps, reverse-action forceps, spatula, burnish tool, coarse scissors, fine-point spring scissors.

The tools are packaged in a zippered case.

DELUXE TOOL KIT (DTK-1) \$39.95

RodSmith Rod Wrappers

RW-3XL \$660.00

RW-3XL

Solid aluminum base in three sections
Deluxe Chuck - Dual Tensioner Thread Carriage
220V Model Available (RW-3XL/220V)

RW-3L \$499.00

RW-3L

The original - solid aluminum base
Standard Chuck. - Dual Tensioner Thread Carriage
220V Model Available (RW-3L/220V)

RW-HW \$226.50

RW-HW

Power wrapper components in a hand wrapper configuration.
Includes three rod supports, dual tensioner thread carriage, and two base sections joined by aligning bracket.
Upgradable to power wrapper with the purchase of power upgrade item RW-HW/PUG. (sold separately)

RW-HW-PUG \$453.50

RW-HW-PUG

Power upgrade for RW-HW
• Solid aluminium 32" base
• Includes pedal, deluxe chuck, and power assembly

RW-JR

\$99.95

Great for Wrapping Guides & Rod Repairs.
Our hand wrapper includes dual tensioner spool that won't fray metallic threads.

CORE

\$55.50

Single spool carriage. Three rod supports.
Spring rod allows you keep thread under tension.

AHWS-1

\$98.50

Dual spool carriage with ball-bearing tension adjustment.
Quick adjustment knobs for rod supports.
Ultra smooth thread guide for free-travel.
Spring rod allows you to stop a wrap and keep your thread under tension.

RODSMITH QUAD ROD DRYING MACHINE

- Four 6 RPM motors.
- Self-centering chucks with jaw hooks for rubber bands.
- Four adjustable rod supports with wheels.
- Sturdy construction.
- Features table or wall mount option to save space.
- Also in 220V model

ITEM NO.

RDM-4

RDM-4/220V

Jaw hooks for secure
band support

RDM-4 **\$239.00**
RDM-1 **\$110.00**

RODSMITH ROD DRYING MACHINE

- 9 RPM motor.
- Self centering chuck.
- Adjustable rod stand with ball bearing wheels and locking supports.
- Jaw hooks to secure rubber bands for sure grip of rod.
- Also available in 220V model

ITEM NO.

RDM-1

RDM-1/220V

Wayne Snedden with a Yukon pike

RW-DX-CHK-S

Upgrade Your RW-1L or RW-3L Wrappers

- Includes 2 sets of cushion jaws.
- Sturdy metal fly wheel & stand.
- Accepts up to 1¼" O.D.
- Great for turning cork.

RW-TR

Tool rest aids in steadying tools during custom cork and EVA shaping.

Easily cut and shape cork and EVA on your existing RW-3L or RW-3XL.

RW-1/CARRIAGE

Original 4-spool carriage.

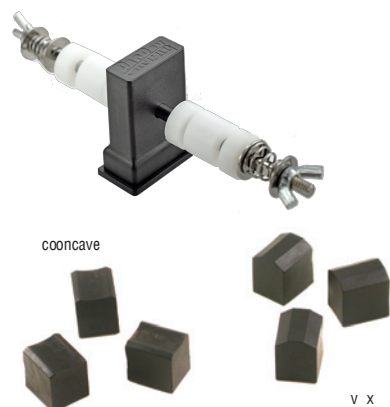

RW-1/PEDAL

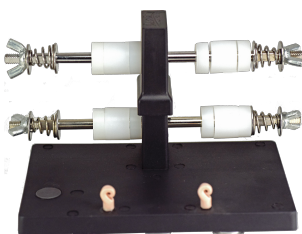

Classic foot pedal for all models. 220V model available (RW-1/220V-PDL)

RW-1/RHEOSTAT*

Wrapping motor speed control. 220V model available (RW-1/RHEO/220V)

RW-THSK

RW-THSK is a new Thread Magazine System for the PacBay rod wrapper thread tension carriage. It enables you to stack two additional spools on top of the existing thread tensioner to add more thread spools to the wrapper. It also allows you to organize your thread spools and quickly change out to two new colors. RW-THSK comes with a detachable screw-down base plate and two mounting screws. This tensioner can also be used to build your own custom rod wrapper.

RW-THSK SHOWN MOUNTED ON RW-3L/TC2

RW-DX-CHK-JAWS

2 sets - concave to fit large O.D. & convex to fit small O.D.

RW-1/ROD-SPRT

Adjustable rod support for high speed rod turning.

RW-1/LG-O-RNG
Drive Belt - 4.5" dia.
for all RodSmith
Power Wrappers

RW-1/SM-O-RNG

RW-1L & 3L small "O" ring for the rod support wheel - 1.0" dia.

RW-1/CHUCK

Complete chuck assembly now includes hooks for better rod support

RW-1/AL-BASE

Original 4 ft. aluminum base section with slat & screws.

RW-JR-TENSION

Thread tensioner unit for RW-JR only - includes washers & bushings.

RW-DX-CHK-S	\$242.50	RW-DX-CHK-JAWS	\$3.30
RW-3L/TC2	\$70.50	RW-1/LG-O-RNG	\$6.00
